# AWGB1012-PRO-BP
Commercial Washer

ENERGY A

## Product Highlights

**Power supply:** 13 amp plug

**Washer capacity:** 10kg

**Drum volume:** 75 Litres

**Dimensions:** W600 x D630 x H845mm

**Programmes:** 15 *(including Eco 40-60, Hygiene+, Duvet, Xpress 28, Anti Allergy, Working Clothes, and Stain Expert)*

**Maximum spin speed:** 1200 RPM

**Washer drain type:** Pump

**Water supply:** Cold water connection only

**Stacking kit:** C00378975 *(sold separately)*

**Tested operating hours:** 5,000 hours
*(Compliant with Machinery Directive 2006/42/EN)*

**Warranty:** 1 Year Parts and Labour

**Extended Lifetime & Reliability**: Engineered to meet all electrical and mechanical safety requirements set out in the Machinery Directive 2006/42/EC. Designed with exceptionally robust components, this washer delivers up to 5,000 operating cycle, offering twice the durability and reliability of a standard household appliance.

**Aquasafe+ Protection System**: The integrated Aquasafe+ system provides advanced protection against water damage. A dual inlet hose and a base tray with an electronic sensor continuously monitor for irregularities inside the machine. At the first sign of a leak, the system automatically shuts off the water supply, ensuring maximum safety and peace of mind.

*Tailored for **light to medium-duty** commercial use, the AWGB1012-PRO serves as the perfect solution for a wide range of small businesses:*

***Hotels, B&B's, Camp Sites, Holiday Parks, Sports & Fitness Clubs, Restaurants, Cafés, Salons, & Student Halls.***

| **Type of motor** | Inverter |
| **Heating type** | Electric |
| **WRAS Certification** | Components only |
| **Preset programmes** | Yes |
| **Healthcare programmes** | Yes |
| **Business cycles package** | Yes |

**Healthcare Programmes**: Dedicated healthcare programs ensure outstanding levels of hygiene for professional environments. The Hygiene+ cycle sanitises garments by eliminating potential contaminants, while the Anti-Allergy cycle removes 99.9% of common allergens such as pollen, dust mites, pet hair, and detergent residues. A Drum Clean program further supports cleanliness by preventing odours and inhibiting bacterial growth.

**Business Cycles Package**: A comprehensive set of business cycles is designed to meet the demands of professional operations. Programmes such as Working Clothes and Towels deliver effective cleaning for uniforms and large loads of bath or kitchen linens. The Stain Expert cycle adds extra performance, tackling even the most stubborn and ingrained stains.

**Express Cycle**: Speed and efficiency are essential in busy commercial environments where multiple loads must be processed each day. The Express cycle allows a full load to be washed in just 28 minutes while maintaining excellent cleaning performance. This rapid turnaround reduces downtime between cycles and helps maximise productivity during peak operating hours.
