

Grinder Models T/B/TQ

The models T and B grinders have polished stainless steel cases and are ideally suited to the Fracino range of espresso coffee machines. The models T, B and Tranquilo grinders are operated manually by an on/off switch. All grinders have adjustable grinding blades and coffee portion control. Coffee is dispensed into the filter holders by means of a flick lever mechanism. The Tranquilo grinder is also available in a chrome option and as a single shot grinder for the freshest coffee. A tamper would be required for this option.

MANUAL FILL MACHINES

Perfect Partners for Small Venues

Fracino, creator of the world's most powerful espresso coffee machines, presents the Little Gem, Heavenly, Cherub and Classico ranges. These contemporary, compact, manual fill machines are particularly relevant in venues where space is at a premium or plumbed water is not available. Dynamic and sleek, they are the latest low volume professional/semi-professional coffee machines and are reliable, durable and user friendly.

Suitable for ground coffee, pods or capsules, the stylish machines are ideal for sites requiring between 50 and 70 coffees daily – revolutionising the espresso experience in offices, hairdressing salons, boutiques, pubs, bars and the home.

With the facility to make two drinks and steam milk simultaneously, these unique machines feature a high-powered element and a full sized commercial group, ensuring production of the finest coffee. Complementing today's vibrant bar and café culture, the range is perfect for outside caterers or larger venues seeking the flexibility of a portable espresso machine for great coffee 'on the go'.

Contemporary and classically styled to suit all venues, Fracino provides perfect espresso coffee machines for latte, cappuccino and espresso based drinks. Hot water outlet is standard on all models for making tea or hot chocolate.
